

Visual hospitality

Good for our eyes

Reduce glare and direct sunlight

especially where people are looking at a presenter, screen or altar.

Offer printed text

at least 12pt in size,
using simple font such as “Arial”.

Good colour contrast

between text and background.

Keep data slides

clear and uncluttered.

Using dark print on a light background.

Text at least 24pt in size, simple font as “Arial”

Offer large print paper copies

newsletters, service sheets, and
data shows for people who cannot read the
screen.
